Honoring 60 Years of the OAA: - Here's How You Can Help

Protect and Increase Funding for the Older Americans Act

July 14 Was the 60th anniversary of the Older Americans Act, (OAA) which helps fund the meals and services Milestones provides to older adults across Southeastern Iowa. This year, we're celebrating by asking Congress to protect and increase funding so these services can continue. You can help!

Visit <https://act.ncoa.org/a/oaa-day-of-action> to send a message to your lawmakers. Then, call your local representatives and ask them to support the OAA in the upcoming federal budget.
